PARAMUS, NJ 07652
Laser Engraver Machine
PUBLIC BID NO. P-2377**

Clarification #1

January 24, 2023

Answers to questions posed:

Q. 1. What materials are you interested in engraving into? Metals like gold, aluminum, silver, steel, brass? And what about nonmetals like acrylic or plastics?

A. 1. The laser cutter could be cutting metals or marking metals and should also be able to cut items like fabrics.

Q. 2. Will the machine be cutting any metals or non-organic materials?

A.1. The laser cutter could be cutting metals or marking metals and should also be able to cut items like fabrics.
